

PROMART

PROFESSIONAL CAD SOLUTIONS FOR ARCHITECTURE AND DESIGN • EXCLUSIVE DISTRIBUTOR OF NEMETSCHek NORTH AMERICA AND ABVENT SA IN ROMANIA

THE PROMART OFFER!

Are you looking for the ideal CAD solution at an affordable price? Interested in a cross-platform, easy to learn program, combining the features of an awarded CAD classic with the technology of the future? **Promart**, the exclusive Romanian Distributor for **Nemetscheck North America** (formerly Diehl Graphsoft Inc.) and **Abvent SA**, is proud to introduce the new **VectorWorks® 9.5** and **Art•lantis® 4** to the professionals that need the most for the least. Make no mistake, these two solutions are revolutionizing the CAD market!

VectorWorks®, the sequel to the famed **MiniCAD®**, winner of several CAD marathons and awarded 3 years in a row as the most cost-efficient, integrated CAD solution for architecture and design - best in value and ease of use, is presently used by 80000 professionals in 80 countries worldwide and has already been translated in 14 languages. We offer it in Romania in its US standard version (US) and adapted to the specific needs of practice in the European Union (EU).

VectorWorks® 9.5 is a cross-platform CAD program for **Windows® (95, 98, NT, 2000, XP)** and **MacOS™ Classic and X**. For a fraction of the price of a program like AutoCAD you will acquire **equal power** combined with the **ease of use and elegance** of a user interface perfected over 16 years. Imagine, creating your own complex documents after just a few days of use! **VectorWorks® 9.5** is also compatible with all CAD programs that understand the .DXF format. It reads and writes .DWG files for AutoCAD® including version **2002**. The program uses layers, classes and attributes for an efficient and superior management of all entities; it allows for a customized work environment; it uses databases and Excel® -like functions for internal tracking and sorting of all drawn objects; it generates bills of materials; it offers manipulation in 3D and import/export of major formats: DXF/DWG, BMP, WMF, EPS, JPG, GIF, PS, PICT, DB, SYLK, TXT, VRML and QuickTime™. A powerful internal scripting language **VectorScript®** allows the creation of complex routines in 2D and 3D drafting.

VectorWorks® 9.5 comes now in several vertically integrated solutions, based on the same easy to use CAD engine, but tailored specifically for each design-related applications. The new products are :

- **VW FOUNDATION (FDN)** - The standard, base product. A full-featured 2D / 3D CAD environment for all applications.
- **VW ARCHITECT (ARH)** - Enhanced version with specific resources for Architecture, Design and Facility Planning.
- **VW LANDMARK (LAN)** - Industry specific version for Urban Planning, Architectural Landscaping and site works.
- **VW SPOTLIGHT (SPT)** - Industry specific version for lighting layouts and output in Stage Design, TV and film production
- **VW MECHANICAL (MEC)** - Add-on product with parametric creation of mechanical hardware and assemblies.
- **VW PROFESSIONAL (PRO)** - Localized version (under development) with many high-end resources specific to EU.
- **VW RENDERWORKS** - The optional rendering module offers high-quality OpenGL, ray-tracing and Phong capabilities.

Art•lantis®, the wiz kid of rendering software in the past few years, is the most easy to use independent renderer and animator on the market. A "drag and drop" interface, real-time preview, cross-platform capability, incredible speed and the ability to create VR panoramas and realistic animations make **Art•lantis®** a worthwhile investment.

CURRENT PRICE LIST (1 SEPTEMBRIE 2001):

<u>US EDITION OR CUSTOMIZED EU:</u>	<u>VAR./LICENCE TYPE:</u>	<u>PROMART DIRECT:</u>	<u>ROMSYM LIST:</u>	<u>UPGRADE:</u>
• VW 9 FDN/ARH/LAN/SPL/MEC	(US) / Student:	\$ 100 + S&H*	\$ 125 + TVA	To Full B.L.
• VW 9 ALL + RenderWorks	(US) / Student:	\$ 150 + S&H*	\$ 175 + TVA	To Full B.L.
• VW 9 ARH + LAN + RenderWorks	(US) / Student:	\$ 200 + S&H*	\$ 225 + TVA	To Full B.L.
• VW 9 Foundation	(US) / Student:	\$1000 + S&H*	\$1200 + TVA	Lic. Ad.
